INTRODUCTORY PATCHWORK & QUILTING COURSE

SPRING 2019 EDITION

Lesson days & times	Wednesday mornings	10h00 – 11h45
Course duration:	1 intro plus 8 lessons	
Dates:	August	28
	September	04, 11, 18, 25
	October	02, 09, 16, 23

Course Content

Intro morning: This will be a discussion to outline details of the course. You will learn what to consider when planning a new project. Items covered include: colours, fabrics, batting, patchwork & quilting techniques, cutting, measuring, tools and other essentials. All fabric & other requirements for the course will be discussed and explained. You will be able to purchase a number of requirements from our shop at the end of this session.

Lessons 1 – 8: Accurate cutting, measuring and sewing techniques. Techniques include 3 or 4 patchwork blocks, sashing, squaring, binding, quilting.

A sample of each new block will be cut and pieced in the class under our guidance. You will then cut & sew the additional required quantity at home. These will be brought to class each week so we are able to check and assist with adjustments to your techniques where necessary.

Various finishing techniques will be discussed and demonstrated. You will select the option which best suits your quilt / personal taste.

We offer a wide variety of quilting supplies at reasonable prices. These are available to purchase off our shelves, or to order.

We look forward to welcoming you to the exciting, creative world of patchwork & quilting!

Any questions, please contact us.

Kind regards

Sharon Tarboton
